

Hi my name is Kylie, and I am the mother of two beautiful boys here at Stuart Park Primary.

I have been in Darwin for about 13 years and a part of Stuart Park Primary for the past 5 years, since our school journey began. I love the school and its community.

I have been a member of the school council for a few years now, I am invested in my kids growth and development and school is such a huge part of that. We don't have family in Darwin so friends and community are important to me, hence why I invest in the Stuart Park Community.

I want to see an already amazing school become even better, if I can help in some small way with that task – great!

I do have a few passions that come out in Council meetings I am sure. I am passionate about;

- every child having a voice and being given the space to use that voice to find what it is that is their thing, and to thrive doing it.
- creating an engaging environment that every child has the opportunity to learn both socially, physically and academically
- thinking outside the box and encouraging experiential learning, and for kids that is learning by doing fun things!
- Communication, keeping people informed is key to engaging our kids and our parents.

Thanks for reading, if you see me in the playground come say hi!

Thanks kc
